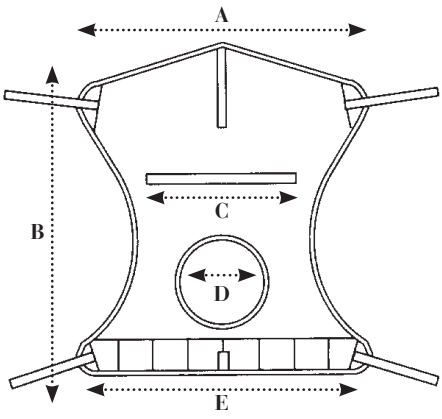
Reliant™ Series Slings

CONTINUING CARE RESIDENTS

INVACARE®

Yes, you can.®



Full Body Sling With/Without Commode Opening (CO)

An easy sling to use while transferring the resident from the bed to a wheelchair, toilet or shower-chair or from floor to bed. It offers total head and neck support and the padded lower section provides additional under-thigh comfort and support. Use the full body sling for residents who are totally dependent, partially-dependent, non-weight bearing, very heavy or have limited head control. Use this sling for amputee residents *(in a reclined position).*

Fits the following lifts : Reliant™ 450, 600

Divided Leg Sling

The divided leg sling is a secure, easy-to fit general purpose sling, designed for the majority of sling users. Use the divided leg sling for residents who are totally dependent, partially dependent, non-weight bearing, very heavy or have limited head control. Use this sling when transferring the resident from the bed to a wheelchair, recliner or showerchair. The large opening also accommodates toileting.

Fits the following lifts : Reliant™ 450, 600

Solid Fabric Toileting Sling

The Toileting Sling offers superb access for quick toileting and hygiene. It is easy to place and remove in a bed or chair situation. The fully padded design supports the back, offers under thigh comfort and allows for removal of clothing. Color coded positioning straps help align the sling properly on the hanger bar. Note: This sling requires the patient to have FULL head and neck control. (Refer to manual for complete instructions)

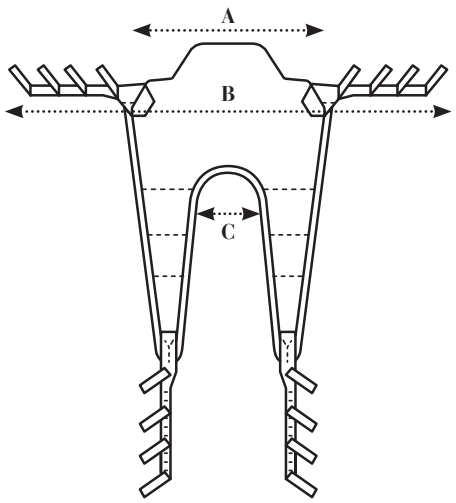
Yes, you can.

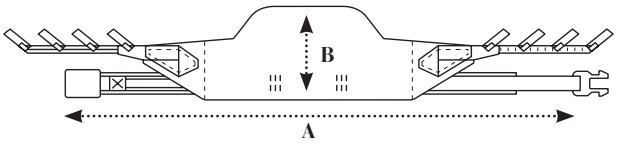


Transport Sling *(use with Stand-Up Lift)*

Transport slings are for transferring residents with minimal weight-bearing capacity, who have head and neck control, are cooperative, can sit up on the edge of the bed *(with or without assistance)*, and are able to bend at the hips, knees and ankles. Use the R134 and R136 transport sling for transferring resident from bed to chair, chair to car or general in-room transport. Do not raise resident to a full standing position while using the transport sling. (Refer to manual for complete instructions)

Fits the following lifts : Reliant™ 350, 440

Model No.	R134	R136
Size	O	XL
A	34	46
B	13.5	13.5
C	9	10
Weight Capacity lbs	440	440
Kg	200	200

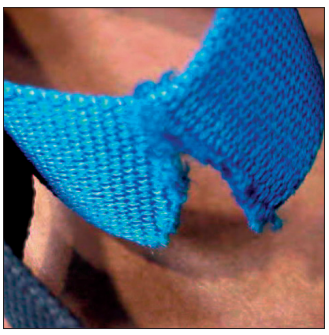


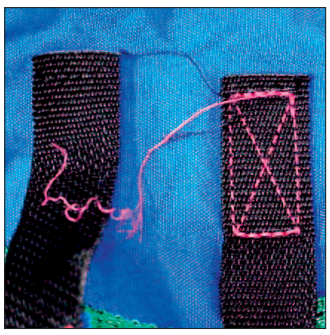
Standing Sling *(use with Stand-Up Lift)*

Standing slings are for residents who are partially dependent, have at least 60% weight bearing capacity, have head and neck control, are cooperative, can sit up on the edge of the bed *(with or without assistance)*, and are able to bend at the hip, knees and ankles. Use the R130 or R131 standing slings for standing assistance, quick toileting, weight bearing practice and for transferring resident from bed to chair, or chair to bed.

Fits the following lifts : Reliant™ 350, 440

Model No.	R130	R131
Size	O	XL
A	60	84
B	16	16
Weight Capacity lbs	440	440
Kg	200	200





Warning: Before using the Patient Sling and Patient Lift, read and understand the Owner's Manual for proper operation and safety procedures.

Use the sling that is recommended by the individual's doctor, nurse or medical attendant. Before lifting, check all sling straps for secure points of attachment on lift device. Do not exceed weight limitation posted on lift. Use only with Invacare Patient Lifts. Bleached, torn, cut, frayed or broken slings are unsafe and could result in injury. Discard immediately. Do not alter slings. Use only on Invacare lifts.

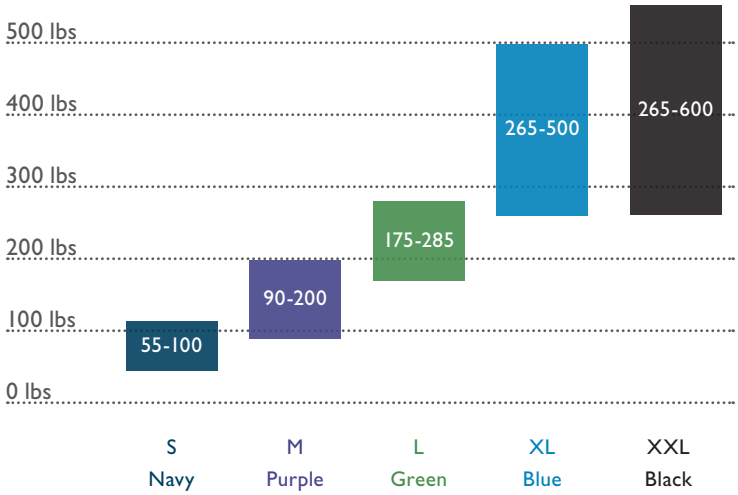
Invacare® Reliant™ Series
Full Body & Stand-Up Lift Sling Sizing Chart

Sling size and fit can vary significantly depending on patient weight and girth. These are general guidelines. Consult physician before sling selection.

Washing instructions are on each sling label. Washing temperatures should not exceed 180° F. Air-dry or dry at low temperatures.

All slings are constructed of polyester fabrics which can be used in wet or dry environments.

BINDING COLORS | SLING SIZES *(color & weight chart)*



All Invacare® slings were designed specifically for use with Invacare® brand lifts for proper usage and optimal performance. To receive the maximum benefits from our products, please see our size guide, product specifications and operator manuals for solutions that best suit the needs of your facility.
